The enhanced insulation also regulates noise levels, making Bosch washing machines very quiet, even during the spin cycle. With the two automatic programmes for hardwearing or sensitive washing, the washing machine deals with the rest all on its own. The washing process is ideally adjusted to the needs of your laundry. Our ActiveWater Plus technology delivers perfect results while only using as much water as needed. Builtin sensors adjust the water consumption according to the fabric type and the automatically detected load, while our patented drum and water induction systems allow for faster soaking. Choose the wash that helps you manage your water usage and delivers allround peace of mind at home. Please try again. Amazon calculates a products star ratings based on a machine learned model instead of a raw data average. The model takes into account factors including the age of a rating, whether the ratings are from verified purchasers and factors that establish reviewer trustworthiness. Please try again later. DS 4.0 out of 5 stars Service part needs to be improved. Front load saves water. Useful wash options available. One can get better deals on Amazon. 4. Additionally, water softener can be purchased. You can easily fix it without any help. I had ordered from Water Science on Amazon. My neighbour was sold a water softener of another brand by the service person at double the price mentioned on

Amazon. Anyways, none of the water softeners have good feedback on Amazon. There are online warranty seller such as Bharati and Onsite. I am yet to compare the options. Have bought this machine in August 18, and after using this machine felt the buy is value for money and worth buying bosch. No sound at all. washes clothes cleanly, no stains of detergent. Pls provide replacement Everything went smooth for me with this product. Exchange discount, instant discount with credit card, amazon delivery, installation and of course the machine. It has been 3 months since we started using. Best thing I like is clothes come out fresh and looks new. Prior to this we used to own an LG top loading machine 6.5 kg but this machine is far far better w.r.t. cleaning, water usage, electricity consumption, less detergent, very less sound except while drying. Full respect to German engineering. I bought the stand and cover, also the drum cleaner powder from the installation guy itself and they are of good quality too. Stand is fixed at one place. Make sure it is balanced and machine does not vibrate while drying. If ur staying in a home where u can dry ur clothes in the sun then u can decrease the rpm to 800. Default is 1200.

If not in hurry u can disable Speed Perfect option which if disabled takes more time to wash but consumes less power. Installation took very long time. Now i am not able to see the return or replace order option. Writing this review after completion of one year Writing this review after completion of one year. Bosch Customer care helped in one of service in warranty period. Purchased on 01 Oct 2016. Till date working fine Sturdy, Economic. No problem at all. Happy with purchase.
